Inspection report: Upon investigation, Monitoring & Inspection Team had come up with the following observations and findings, to with

Serbisyong May Malasakit!

R.S. Santos
12/20/24

Findings:

- The poultry farm is currently empty upon inspection
- With business permit
- Minimal flies in the area
- Liquid wastes are directly discharge under the poultry building
- Unpleasant smell due to remaining chicken manure in the poultry farm
- Lack of environmental permits such as Certificate of Non-Coverage (CNC), or Environmental Compliance Certificate (ECC) and hazardous wastes generator I.D

In regards with the above-mentioned findings, City-ENRO cited the following recommendations to address the said findings. The lists of recommendations are as follows:

Recommendations:

- Ensure the cleanliness of the poultry farm and regularly spray appropriate organic solutions to remove the flies and unpleasant smell in the area
- Establish septic tank for the disposal of liquid wastes
- The poultry building should be kept closed to prevent the proliferation of flies in the area
- Coordinate to City Planning and Development Office for the approval of Zoning permit
- Coordinate to City Agriculture Office for the approval and checking of agricultural practices and proper structure
- Secure environmental permits such as CNC (Certificate of Non -Coverage), Environmental Compliance Certificate (ECC), hazardous wastes generator I.D, Cert. of final disposal for toxic and hazardous wastes and discharge permit to the EMB (Environmental Management Bureau)
- The permit holder shall submit quarterly self- monitoring report to City-ENRO

Also, we will conduct quarterly monitoring on the said Establishment to ensure their compliance with the following environmental ordinances:

- RA 9003- Ecological Solid Waste Management Act of 2000
- RA 9275- The Philippine Clean Water Act
- RA 8749- The Philippine Clean Air Act
